

Recommendations for Safe Return to Dancing – Revised 7/9/21 by executive officers of the Square & Folk Dance Federation of Washington (SFDFW)

“On June 30, 2021, Washington state fully reopened and all industry sectors previously covered by the Roadmap to Recovery Phased Reopening returned to usual capacity and operations. This does not include masking, which will continue under current guidance.”

See web site MRSC.org & Use masks to help slow spread/CDC.

The club/organization holding the event can and should set the requirements for that event and area. It is suggested to post those requirements.
